May 28, 2014

To Whom It May Concern:

Sarah Wagner is presently employed by the Aurora East School District # 131 since August 2013 as a teacher assistant. Prior to her date of hire Sarah was a substitute teacher at Simmons, allowing us to observe her in an instructional role. Her classes were always engaged and on task.

We recommended Sarah to work in our school when we had a teacher assistant position available because she is dependable and works hard to teach the curriculum provided. Her work ethic is strong, as is her subject knowledge. However, what sets Sarah apart is her ability to collaborate with staff while taking a student centered approach

I am confident Sarah will do an excellent job in any available instructional role. If further inquiry is requested I would willingly supply a more detailed and specific response related to her qualifications. I can be reached by the following contact information.

Professionally,

John C. Young

Assistant Principal

Simmons Middle School
